India is a sovereign socialist secular democratic republic with a parliamentary system of government that is federal in nature and has unitary characteristics.

The President, who is the country's constitutional leader, is advised by a council of ministers, which is led by the Prime Minister.

The President may serve a maximum tenure of five years, unless re-elected.

India is one of the most religiously and ethnically diverse nations in the world, with some of the most deeply religious societies, cultures, festivals, and languages. It is a fusion of cultures between Buddhists, Hindus, Muslims, Jains, Sikhs, and various tribal populations in India.

Officially there are 122 languages, but the Indian Constitution recognizes 22 major languages of India in what is known as 'the 8th Schedule' of the Constitution.

English is the 44th most widely spoken first language even though it is the second most widely spoken language. It is considered the business language of the country.

Cultural Environment
It is important to take time to develop deep and lasting alliances and really understand Indian business culture in order to avoid alienating potential partners.

Indians place great value on relationships so take the time to develop contacts and relationships.

Personal relationships play a large role in Indian business culture. They see trust as key to good business and will be looking for an honest commitment to the relationship from you. So, expect to spend plenty of time at meetings, dinners, and social clubs with potential business partners.

India is a relatively conservative society, and it is important for visitors to be respectful of societal norms and traditional values, which continue to underpin many customs and business practices.
INDIANS WOULD LIKE TO GET TO KNOW YOU AS A PERSON AS WELL AS A BUSINESS PARTNER ONCE THE TRUST IS BUILT. THAT MEANS THEY MIGHT ASK YOU QUESTIONS ABOUT YOUR PERSONAL LIFE, AND THEY WILL EXPECT YOU TO COME OUT AND SOCIALIZE WITH THEM IF YOU ARE IN THE COUNTRY.

IF THEY SAY YES AT FIRST IT DOESN'T NECESSARILY MEAN THEY ARE GOING AHEAD WITH THE DEAL, IT MEANS THEY ARE LISTENING TO YOU.

ALMOST EVERYTHING CAN BE SEEN AS NEGOTIABLE IN INDIA, SO EXPECT SOME BARGAINING. THEY DO BARGAIN AGGRESSIVELY, AND HIGH-PRESSURE TACTICS ARE LIKELY TO COLLAPSE NEGOTIATIONS. THEREFORE, IF THEY HAVE UNREALISTICALLY HIGH STARTING POSITIONS, ALLOW TIME TO GENTLY SWAY THEM OVER THE COURSE OF THE MEETING.

A GOOD UNDERSTANDING OF THE UNDERLYING VALUES, BELIEFS AND ASSUMPTIONS OF INDIAN CULTURE, AND HOW THEY MANIFEST THEMSELVES IN THE MARKET AND WORKPLACE IS ESSENTIAL FOR THE SUCCESS OF YOUR BUSINESS.
The Business Card

- PEOPLE ARE VALUED FOR THEIR TITLES AND SENIORITY; THEREFORE, THE HIERARCHICAL ORDER MUST BE RESPECTED.

- THE CARD CAN BE PRESENTED/COLLECTED WITH ONE HAND (RIGHT HAND) OR BOTH THE HANDS, INFORMATION DIRECTLY LEGIBLE TO THE INTERLOCUTOR, BY PINCHING IT AT THE ENDS.

- PAY ATTENTION TO THE CARD ONCE RECEIVED, EVEN IF YOU DON’T UNDERSTAND THE WORDING. IT SHOWS RESPECT AND INTEREST.

- IT CAN BE STORED IN A CARD CASE, BRIEFCASE, OR IN THE POCKET.
WHEN YOU FIRST MEET AN INDIAN BUSINESSMAN, A HANDSHAKE IS THE USUAL GREETING. IF YOU ARE IN A MEETING WITH MANY PERSONS, ALWAYS GREET THE ELDEST OR SENIOR-MOST PERSON FIRST.

IN THE FIRST MEETING, LET THE INDIAN HOST GUIDE THE INITIAL STAGES OF THE CONVERSATION. FOLLOW THEIR LEAD AS TO WHEN THE SMALL TALK SHOULD END AND THE BUSINESS DISCUSSION SHOULD BEGIN.

BUSINESS MEETINGS ARE NORMALLY FORMAL AND QUIET AFFAIRS. PEOPLE WILL THINK YOU ARE RUDE IF YOU TALK TOO LOUDLY, SHOUT, OR POINT AT OTHERS.

SILENCE IS AN IMPORTANT AND PURPOSEFUL TOOL USED IN ASIAN COMMUNICATION. PAUSING BEFORE GIVING A RESPONSE INDICATES THAT SOMEONE HAS APPLIED APPROPRIATE THOUGHT AND CONSIDERATION TO THE QUESTION. THIS SIGNIFIES POLITENESS AND RESPECT.
